We, Robert F. Cannata and Jeffrey L. Metschuleit hereby declare as follows:

1. We are the inventors of the invention described and claimed in patent application Serial No. 08/712,891, filed on September 12, 1996, entitled On-Focal Plane Nonuniformity Correction.
2. We conceived this invention while employed by Amber Engineering, Inc. The invention is related to the work we were employed to perform and was made within the scope of our employment duties. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information, and services of Amber Engineering, Inc.
3. The invention was not conceived or reduced to practice under, nor is there any relationship of the invention to, the performance of any work under any contract of the National Aeronautics and Space Administration (NASA).

The undersigned inventors further declare that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing therein.
